

Dear Friends and Supporters of the CRC,

YOU WILL MAKE THE DIFFERENCE!

WE'LL SEE YOU AT THE COMMUNITY MEETING THIS THURSDAY

The **Community Meeting** on the Hidden Quarry is just a few days away. This note will remind you that it is on **Thursday (February 26) at the welcoming Eden Mills Community Hall, 108 York Street, Eden Mills.**

We thought we'd let you know that the doors to the **Eden Mills Hall will open at 6:30, half an hour before the meeting officially begins at 7.**

Why not take the opportunity to beat the rush and:

- Have a coffee (thanks to **Macdonalds!**) and a cookie (thanks to **MacMillan's!**)
- Update your membership,
- Ask questions of your CRC Board members,
- Meet Alix Mabee, the friendly CRC Coordinator of Volunteers,
- Spend a few minutes looking at the maps which detail the potential impact of the Hidden Quarry (**One instructive map is attached.**)
- Or the 2-year history of CRC in newspaper clippings,
- Talk to Quentin Johnson about making a donation or
- Catch up with your neighbours, friends and local politicians.

YOU DID MAKE THE DIFFERENCE!

Thanks for coming! Last Monday when Perry Groskopf and **Bill Hill, our very own mining engineer, made his second major presentation to GET Council** on the gaps in JDCL's blasting analysis, many of you were there. In fact, knowing that CRC is on the case, the Township had set out more chairs than usual, and they were well filled by CRC supporters, who gave Bill lots of well deserved applause after his excellent presentation. Council knows that we are concerned, but we must take nothing for granted.

HALTON HILLS AND MILTON ARE MAKING A DIFFERENCE!

Both **Milton and Halton Hills** have sent response letters to JDCL and MNRF stating that they **are maintaining their positions of objection** in spite of JDCL's assumption in his correspondence with them that there are no unresolved issues. Neither Halton Hills nor Milton were able to give approvals since they had neither received nor reviewed the Haul Route Study. Milton also stated that issues relating to natural environment, water and non-payment of fees by JDCL are not resolved. See attached correspondence.

See you all on Thursday!!

Your neighbour,
Linda Sword
