

IT ISN'T OVER YET!

**HIDDEN QUARRY PLANNING REPORT HAS BEEN
RELEASED**

**PEACEFUL COMMUNITY PROTEST – THURSDAY,
SEPTEMBER 10 AT 6 PM – ROCKMOSA HALL**

**PRESENTATION BY MHS CONSULTANT LIZ
HOWSON AT 7 PM**

Dear CRC Supporters,

The Township Planning Consultant, Elizabeth Howson, has submitted her planning report which has been posted this morning on the GET web site (GET.on.ca). Regrettably, the essential recommendation of the report is that the Hidden Quarry rezoning application “be recommended to the Ontario Municipal Board for approval in principle, subject to detailed conditions of development being developed [sic] to the satisfaction of the Township in consultation with the Region of Halton, Town of Halton Hills and Town of Milton and County of Wellington . . .”

CRC is certainly not pleased with this outcome, nor do we think you will be. This is a time when the Community needs to make its views very clear to our Council.

PLEASE NOTE: Guelph Eramosa Township Council has not yet taken a position. Council members will receive the report and public comments before making a decision to recommend that the Hidden Quarry application for re-zoning be approved. **Please see attached e-mail from GET's CAO Kim Wingrove.**

JOIN YOUR CRC DIRECTORS AND VOLUNTEERS FOR A PEACEFUL COMMUNITY PROTEST IN ADVANCE OF THE THURSDAY, SEPTEMBER 10 SPECIAL COUNCIL MEETING AT ROCKMOSA. BE THERE AT 6 PM.

We will be planning our response over the days up to the public meeting at Rockmosa September 15. Ms. Howson will be presenting the report to Council at the Special Council meeting at Rockmosa September 10. While open to the public, the September 10 meeting will not include questions or comments from the public.

I encourage you to read the report which you can access at <http://www.get.on.ca/hiddenquarry>.

We will keep you informed as we prepare for the 15th, and as always will welcome your comments. This isn't over yet!

Doug Tripp
