Wellington County

This month CRC introduces itself and our concerns to Wellington County for the first time, addressing the key elements of the new County Official Plan. ([Official Plan is on-line.](#)) It would be great if Council members could see a good number of CRC supporters in the gallery!

Note - new information: In our previous newsletter we said that we would be required to provide comments on the proposed Hidden Quarry to Wellington County by February 10. We have since learned this is not the case – There will be more time before individual comments are required. On this point, you can relax for now!

However we do encourage your attendance, if possible, at the following two January meetings at which CRC will make our first of several delegations!

- **THIS WEEK! Thursday, January 12, 11:00 am – Planning Committee**

Council Chambers, Administration Centre 74 Woolwich Street Guelph, ON N1H 3T9

Committee Members: Warden Lever (Pushlinch), Councillors Alls (Erin), (Chair), Lennox (Wellington North), McKay (Ward 7 Puslinch) and Watters (Ward 6, Centre Wellington) Chris White plans to attend. JDCL will also delegate after CRC.

Remember decorum is essential at all times!! The meeting actually begins at 10:15 so you can arrive quietly in advance of our 11 am presentation. The model will be on display for Council members. Doug Tripp and Dan Kennaley will speak on CRC's behalf.

- **Thursday, January 26, 10:00 am – Wellington Council**

Council Chambers, County Administration Centre 74 Woolwich Street Guelph, ON N1H 3T9

CRC Community Meeting: In February, we will be holding a full CRC community meeting to bring you up to date and provide insight into the County review process. **Plan to attend! We'll be setting the date very soon.**
